FRIDAY, OCTOBER 29, 1909.

A good start was made last night
toward building up Barre.

About ten per cent. of Vermont's entire
population are hunters.

States can't give aid! That is distressing.

Vermont's death-belt is surely about

one already fatal—only add to the reputation.

tomed to picking fruit by the bushel
that the officers making a raid yesterday
day in Middlebury picked two bushels of

SHERMAN'S OPINION OF HOWARD.
While time has served to add lustre to
the name of General Oliver O. Howard,
whose funeral was held in Burlington to-day,
he was not without honor even in the days
when his career was only in the making,
and he was respected and admired by his
contemporaries during the period of the Civil
war when he was gaining his great renown as
a soldier. For instance, General Sherman's
opinion of General Howard is now brought out
from the Sherman memoirs as a proof of the
commanding position which Howard held.
General Sherman said of Howard and in writing
of his famous march to the sea that he "needed
commanders who were purely and technically
soldiers, men who would obey orders and execute them

Helpful Hints on Hair Health

Scalp and Hair Troubles Generally
Caused by Carelessness.

Dandruff is a contagious disease caused
by a microbe which also produces baldness.
Never use a comb or brush belonging to
someone else. No matter how clean the owner
may be, these articles may be infected with
microbes, which will infect your scalp. It is
far easier to catch hair microbes than it is to
get rid of them, and a single stroke of an
infected comb or brush may well lead to
baldness. Never try on anybody else's hat.
Many a hand has been a resting place for
microbes.

If you happen to be troubled with
dandruff, itching scalp, falling hair or
baldness, we have a remedy which we believe
will completely relieve these troubles. We are
so sure of this that we offer it to you with the
understanding that it will cost you nothing for
the trial if it does not produce the results we
claim. This remedy is called Rexall "93" Hair
Tonic. We honestly believe it to be the most scientific
remedy for scalp and hair troubles, and we know
of nothing else that equals it for effectiveness,
because of the results it has produced in thousands
of cases.

Rexall "93" Hair Tonic is devised to
banish dandruff, restore natural color when
it has been brought about by disease, and make
the hair naturally silky, soft and glossy. It does
this because it stimulates the hair follicles,
destroys the germ matter, and brings about a
free, healthy circulation of blood, which
nourishes the hair roots, causing them to
tighten and grow new hair. We want everybody
who has any trouble with hair or scalp to know that Rexall "93"
Hair Tonic is the best hair tonic and restorative
in existence, and no one should scoff at or doubt
this statement until they have put our claims to a
fair test, with the understanding that they pay
us nothing for the remedy if it does not give full
and complete satisfaction in every particular.
Two sizes, 50 cents and \$1.00. Remember you can obtain
Rexall Remedies in Barre only at our store,

INSANE FROM TYPHOID, WANDERS AWAY

Rev. W. H. Wheatley of Whitehall in a
Serious Condition.

Rutland, Oct. 28.—While temporarily
insane in a sudden attack of typhoid fever,
the Rev. W. H. Wheatley, pastor of the Baptist
church at Whitehall, N. Y., wandered about all
last night and was found lying beside the road in
Centre street early to-day by a farmer. In a
serious condition from illness, exhaustion,
and exposure he was taken to a hospital at
Whitehall.

The pastor was first missed when he
failed to appear at the mid-week church
services last evening. In response to a fire
alarm signal, a hundred men organized a
search which was continued throughout the
night and until the Centre Rutland farmer
discovered the clergyman who had travelled twenty
miles from home.

TWO BUSHELS OF WHISKEY.

Were Seized in Raid on Logan House
in Middlebury.

Middlebury, Oct. 28.—The Logan
House operated by George McGee, was
raided by Chief of Police M. T. Butterfield
yesterday afternoon and two bushels
bushels of liquor in pints, half pints
and sealed quarts, were found. The liquor
was taken before Justice A. W. Dickinson,
where it was ordered held until the hearing
which will be given on Monday.

MONTPELIER.

The girls of the high school are trying
to arrange for a girls' basketball team this
winter. They have as yet not arranged for
any place to practice but their games will be
played at the Y. M. C. A. Three of last year's
players are available for this season.

New sorting tables have been installed
in the post office which will save considerable
time in the handling of the mail and the getting
it out on the street. Under the new system the
sorters can arrange the mail ready for the
carriers with one operation. The old tables
will be turned over to the rural carriers.

The scarlet fever that has broken out to
a slight extent in the school here is being
watched closely and it is thought that there
will be no spread of the disease as the exposed
pupils were immediately sent home. The kindergarten
has been closed entirely until the report of
Health Officer Lindsay.

The high school pupils will go to
Waterbury this evening and will present
"Union Depot" in that place. They made a
great success with the play here recently.

The water department has been working
the past few days installing the water pipes
for the new city hall. While digging the trench
a stone wall was found several feet below the
ground.

George Roberts, janitor of the Union
Mutual building, who recently shot a 50
pound buck, will give a venison supper to his
many friends within a few days.

C. P. Gill, who has been hunting the
past week, telephoned in Wednesday night
that he had been following an eight-pronged
buck ever since Wednesday.

There is considerable talk of putting a
modern three-faced clock on the City hall
and many of the townspeople seem to be in
favor of it. It is planned to have a new style
and set by telegraph each day. Manager Kelly
of the local Western Union office has been asked
to figure on the probable cost of such a clock.

The funeral of John Donohue, who died
Wednesday afternoon at the home of D. E. Sallies
near Montpelier, was held this morning. Interment
was made in the cemetery. Mr. Donohue has been
sick for the past six years and was at the
sanatorium at Pittsford for some time, where
he gained slightly. He was at the home of the
Sallies for the past few months.

Union of Barre and vicinity will be held in

Mrs. A. J. Davis was in Montpelier
Wednesday at the home of Mrs. Geo. C. Smith.

W. H. H. Mears who has been very ill,

to see him out again soon.

sister sister Fred Ellis and family, in Lyndon,
where Mrs. Ellis has employment in a creamery.

Mrs. C. D. Smith visited her sister in

harvest supper at the M. E. church. The supper
was a success in spite of inclement weather.

Lamont is pleasantly located in the new
Congregational parsonage.

Mr. and Mrs. Harlow Folsom were happy to
entertain Mrs. Folsom's niece and husband, Mr.
and Mrs. Barrows, of Boston, Mass., this week.
The niece had been away and unheard from for
thirty years, passing through many thrilling
experiences in that time, having been stolen from
her mother, then a resident of Plainfield.

A. E. Lamberton has his house nearly completed.
The residence bears an altogether new aspect.
With two lighted windows, new doors, raised roof,

Miss Mary Brown has been trimming for
Mrs. Preston, so altogether her patrons may feel
sure of the usual satisfaction in this line.

four months of rest from his work, that of mail
carrier on No. 2.

There is much sickness about town; have

AMUSEMENT NOTES

"Eight Bells" Next Tuesday.

Much to please the eye, nothing to tire the
ear is the secret of the success of "Eight Bells"
the entertainment to be presented at the opera
house next Tuesday night, Nov. 2nd.

Without exaggeration the Byrne Brothers
are presenting one of the very best pantomime
and acrobatic shows on the road. The cast
of the features of the troupe are not new, notably
that representing the cabin of the rolling ship,
but the act is smooth and yet so comical that it
will bear repetition once a season. The Byrne
Brothers are artists of the first quality. They
are simple and graceful acrobats and accomplished
pantomimists.

The entertainment is to be commended for
the good taste which marks every feature of it.
The costumes are appropriate, the scenery
unique and the dialogue reduced to a minimum,
though what there is of it, is always acceptable.
There are no coarse jokes, suggestive
illusions or questionable pranks, such as
sometimes spoil acrobatic performances.
The incidental music is pretty. The company
is thoroughly adequate. The specialties are
ingenious and amusing to a degree. No
maudlin melodrama is introduced, and consequently
there are no silly lines and painful situations
to endure. The Bros. Byrne play the parts of
students and servants and have all manner of
escapes, each succeeding the other in rapid
order and each one more comical than the
one preceding it; so it goes through the three
very amusing acts of the piece. The stage
mechanism used in the presentation of this
amusing comedy is the most novel and intricate
used by any road company. The Bros. Byrne
stand at the head of their profession in this
peculiar line of work and bring a strong
company of specialty people with them, most
of them well known in the special line of business.

Some of the specialties are very notably
funny, particularly that with the white horse
and trick carriage, and the state-room frolic
on board an ocean steamer. The fun is fast
and furious, but withal clean and wholesome.
If the John Byrne troupe of acrobats gives an
act hard to duplicate. In all, it is one of the
most laughable shows ever produced.
